HANDS

St John's Lutheran Primary School Principal CHRIS MALLET

Bundaberg born and bred, Chris Mallett is a Principal with a big heart and big dreams for the students at St John's. He believes in children's potential and knows that with the right foundations and the right environment, children thrive. So much so, Chris helped coin the School's tagline – **DREAM BIG!**

With Chris at the helm, parents can be assured that their children are in safe hands at St John's. Chris leads a team of Christian educators to nurture and guide students in their academic and co-curricular endeavours and in how they conduct themselves.

“Students leave St John's prepared for their secondary schooling with a head for knowledge, a heart for courage and hands that serve.”

CHRIS MALLET

Where character GROWS

WHEN CHOOSING A SCHOOL, PARENTS OFTEN LOOK FOR THE RIGHT 'FIT' FOR THEIR CHILD.

A school that offers a good balance of everything is prized, but ultimately the environment of the school and the 'gut' feeling one gets when they meet the staff, see the school first-hand and understand specifically what is offered, can be the real reason a school is chosen.

Time and time again, parents of St John's students say they choose

the school for the guiding values the school lives by and the uplifting culture created by passionate staff.

At St John's, students learn how to develop good character. They grow to understand that it is more important to be someone of steadfast authentic principles -showing respect and being a good friend to others - rather than just being focused on their achievements. Ultimately, it's about them understanding who they become rather than what they become.

MEET KASEY AND HER GIRLS

"We chose St John's because of Mr Mallett's leadership and the caring values that we as family want for our daughters".

Where courage STARTS

PREPS AT ST JOHN'S BENEFIT FROM:

- Early Learning specialist teachers
- Purpose-built classrooms
- Dedicated playground
- Access to our library
- Specialist teachers in Music, PE and Japanese
- Fun and laughter!

AT ST JOHN'S, OUR PREP STUDENTS HAVE ACCESS TO THE BEST OF EVERYTHING TO ENSURE THEIR EDUCATIONAL JOURNEY IS NOTHING SHORT OF A GREAT START IN LIFE.

Prep is an exciting place full of stories, play zones, toys and games - and many things to discover and learn about.

However, starting school for the first time can often be daunting for students and parents. It is a time where routines, good communication and much handholding can ensure a successful transition from pre-Prep to school life.

Our job at St John's is to ensure our youngest learners feel safe and secure in an environment of high care. Our priority is to nurture our

students in their learning and personal development so that they can start to fulfil their potential from the outset.

The fundamentals of literacy and numeracy are our core learning focus in the early years. This is balanced through a broad offering of indoor and outdoor play as well as a variety of activities and specialist lessons.

ENROLMENT PREPARATION - PREP READINESS

St John's understands the importance of helping each family prepare for Prep attendance. We provide additional enrolment information specific for Day 1 readiness, as well as information regarding school expectations and attendance guidelines. To help their transition be as smooth and welcoming as possible, each child enrolled for Prep will be invited to attend Prep Readiness sessions in the lead up to commencement.

Where talents **IGNITE**

THE LEARNING ENVIRONMENT AT ST JOHN'S IS DYNAMIC AND CHALLENGING.

Based on the Australian Curriculum and an Inquiry-Based Learning philosophy, we strive to prepare students for secondary school through a showcase of exciting programs. Each student is nurtured and individually known by the whole school community and given every opportunity to develop their talents.

LEARNING ENRICHMENT

At St John's it is acknowledged that some students have identified gifts and talents in one or more areas of development. Learning and Teaching staff provide a variety of teaching strategies to meet the needs of gifted and talented students. Learning extension is offered if it is deemed appropriate. Our goal is to work with parents and students for the best educational outcomes for all students who have an identified gift and or talent.

STEM, CHESS AND LEGO

Students are able to expand their understanding of Science and Technology as all classes conduct a range of robotics programs - from the basics of inputs and outputs to understanding and programming code. St John's students also participate in Science Week, with the students taking on the role of experts and hosting sessions for their peers. Visiting experts from educational experiences such as World of Maths and The Surfing Scientist ensure St John's students have wonderful opportunities in STEM. Regular Chess and Lego Club is also available in the library.

SPORT

Apart from athletics, cross country and swimming carnivals, students have access to numerous sports including but not limited to, touch football, soccer, netball, gymnastics and 'learn-to-swim'.

Generally every second year our school engages in a whole school Musical with every student participating in the elements of the production.

Respect and Relationships can be noted as the bookends of our framework for Building Positive Behaviours.
